Shaddai is a Senior Manager at SVA Certified Public Accountants, with extensive expertise in audit and assurance services and financial reporting. She brings a wealth of experience in delivering high-quality financial guidance, helping clients navigate complex financial landscapes with clarity and confidence.

She works with a diverse range of clients, including manufacturers, retailers, healthcare providers, and nonprofit organizations, performing and supervising audits to ensure compliance, transparency, and financial accuracy. Shaddai excels in conducting and overseeing audits with a focus on precision and adherence to industry standards, as well as researching and analyzing accounting and auditing literature to resolve complex business issues and deliver actionable insights. Her expertise also includes guiding clients through technical accounting research and the adoption of new standards, ensuring accurate financial disclosures that meet regulatory requirements. She places a strong emphasis on clear communication, fostering transparency, collaboration, and trust throughout the audit process.

With a commitment to excellence, proactive problem-solving, and a client-centric approach, Shaddai helps businesses strengthen their financial integrity while positioning them for sustainable growth and long-term success.
